DFM ReCHARGED Blue Sky Event

Wednesday, March 18th 1-5pm

Pyle Center (Madison)

Blue Sky events are a time to dream and think big about the future of our department.

- *Dream*
- How could we do things differently at DFM?
- *Expand our horizons*
- What works in other Departments of Family Medicine and Community Health?
- *Imagine the possibilities*

This event is for everyone! Your participation will help us think about where we want to be in the future. Participation in this event is compensation work time. This is not a mandatory meeting. It is a great opportunity to get engaged and think big about the future of DFM.

We are excited to announce that Sharon Adams, Director of Program at Walnut Way in Milwaukee will be joining us as a speaker. Walnut Way Conservation Corp's mission is to "sustain economically diverse and abundant communities through civic engagement, environmental stewardship, and creating venues for prosperity." There is much we can learn from Sharon in regards to community engagement and transformation! <http://www.walnutway.org/commons>

Under Dr. deGruy's leadership, Colorado is on the cutting edge of clinical care, education and research. <http://cufamilymedicine.org/precipice/>
