

DFMCH ReCHARGED Strategic Planning Update - Can You Help?
1/28/15

In the coming weeks, you will receive a link to participate in a survey about the mission, vision and operations at the Department of Family Medicine (DFM). We want to hear from you! The results of this survey will help shape the direction of the DFMCH ReCHARGED strategic plan and our future as we become the Department of Family Medicine and Community Health. **The most important way you can contribute is to complete the survey when it comes to you.**

There will be a raffle for people who complete the survey. We are looking for donations that could **ReCHARGE** someone at DFM. Do you teach yoga, meditation, healthy cooking or have something else you would be willing to donate? If you would like to contribute, email Kim Jansen kim.jansen@fammed.wisc.edu your name, location and item to donate by Wednesday, February 4th at 5pm.

People at all locations are encouraged to participate! We will have regional raffles across the state.

We look forward to hearing from you!
