

DFMCH ReCHARGED Strategic Planning Update - Get Ready!

The DFM ReCHARGED Steering Group has been hard at work over the last two months. We are getting ready to hear from YOU!

We are working on the Data Gathering phase of our timeline. In the next month you will receive a link to an online survey. Your answers will help determine what we focus on during this visioning process and ultimately determine where we go as a Department.

The survey will be organized along the following 3 areas of critical importance to the current and future functioning of our department:

- **Mission:** Why do you get up each day and do the work that you do?
- **Vision:** What are your hopes for the future of our Department? Ideally what would our Department of Family Medicine and Community Health look like 5 years in the future?
- **Operations:** What helps or hinders your work on a daily basis? What do you need to do your work in the best way possible?

This survey is for everyone. DFMCH ReCHARGED is for staff. It is for clinicians. DFMCH ReCHARGED is for people who work in clinics and people who work in administrative offices. DFMCH ReCHARGED is for people who work across the state and people who work in Madison. Your survey responses will help us assess where we are currently, where we want to be in the future and where the gaps are.

You don't have to wait for the survey to come out to start talking with your coworkers. **What matters to you in your work? What should family medicine become? What could DFMCH look like 5 years from now?**

Think big! We can't wait to hear from you.
