

\*\*\*DFM Strategic Planning Update\*\*\* – Name the Strategic Planning Process  
11/07/14

Last Thursday the DFM Steering Group had a training session with Mercedes Alonso from the Napier Group and Beth Potter and Robin Lankton from DFM. One of our first tasks is to decide on a name for the DFM strategic planning process. We want to hear from you! What should we call it?

Think about our missions (clinical care, education, research), our transformation to be a Department of Family Medicine and Community Health, and what you want the future to look like at DFM. Be creative! Submit your ideas for the name of DFM strategic planning process to Kim Jansen [kim.jansen@fammed.wisc.edu](mailto:kim.jansen@fammed.wisc.edu) by Friday, November 14<sup>th</sup> at 5pm. The DFM Steering Group will pick a name at our next meeting. There will be a prize for the person whose suggestion is selected.

As a reminder, the members of the Steering Group are Bill Cayley, Jennifer Edgoose, Val Gilchrist, Michelle Grosch, Catherine James, Ken Kushner, Deb Lovik-Kuhlemeier, Kirsten Rindfleisch, Lou Sanner, and Melissa Stiles. Catherine James and Ken Kushner have been selected as the Co-Chairs of the Steering Group.
