

ReCHARGED Updates

Thank you to everyone who participated in the Blue Sky Event yesterday! This was a great community event. 151 staff and faculty from more than 20 locations gathered to hear from Dr. Frank deGruy and Dr. Macaran Baird about new ways of thinking in family medicine. Look for videos, a summary and follow-up to come soon.

There is still time for everyone to participate in the strategic planning process. **You have until tomorrow to complete the Department of Family Medicine Strategic Planning Survey!** So far, 341 people have completed the survey. If you are one of the 700 people we haven't heard from, you have until tomorrow, March 20th, to complete the Qualtrics survey you received in your email.

Your answers are confidential. The only people who will have access to the responses are the people doing the analysis. Your individual results will not be identified or reported. **Your voice is critical to the future of our department.** Please share your opinions and thoughts in the DFMCH ReCHARGED survey.

We continue to raffle prizes every other day for people who have completed the survey. Congratulations to our prize winners:
