Acute alcoholic intoxication						
Child abuse						
Collapse/syncope						
Domestic violence						
Fever, w/ toxic features						
Hypovolemia						
Overdose						
Schizophrenic decompensation						
Suicidal depression						
NEURO						
CVA						
Headache, worst ever						
Head injury, closed						
Head injury, open						
Seizure						
Status epilepticus						
TIA						
OPHTHAL						
Acute visual loss, w/o trauma						
Acute eye pain, w/o trauma						
Chemical exposure						

FB w/ and w/o corneal abrasion						
DIAGNOSTIC CATEGORY	Patient	Discussion	Yes	No	Yes	No
ENT						
Acute hearing loss						
Bells' Palsy						
Epistaxis						
Fracture – facial, nose						
FB – nose, ear						
Horner's						
Sialadenitis						
ENDOCRINE						
Addisonian Crisis						
Hyperglycemia, symptomatic						
Hypoglycemia						
Hyperthyroid storm						
Hypothyroid myxedema						
EmerMed						
CARDIOLOGY						
Acute coronary syndrome						
Arrhythmia – symptomatic						
Congestive heart failure						
Non-cardiac chest symptom						
PULMONOLOGY						
Acute dyspnea						
Bronchiolitis						
Chest injury, closed						
Chest injury, open						

DIAGNOSTIC CATEGORY	Patient	Discussion	Yes	No	Yes	No
Foreign body aspiration						
Pneumonia w/ sepsis						
Pulmonary embolis						
Pulmonary edema						
Status asthmaticus						
GI						
Abdominal injury, closed						
Abdominal injury, open						
ABDOMINAL PAIN						
Acute abdomen						
Acute cholecystitis						
Acute pancreatitis						
Acute hepatitis						
Fecal impaction						
Foreign body ingestion						
Hematemesis, w/ instability						
Hematochesia, w/ instability						
Obstruction						
Protracted diarrhea						
Protracted vomiting						
GU – Female						
Pelvic pain						
Rape						
Vaginal bleeding, non-pregnant						
GU – Male						
Acute prostatitis						

Acute scrotum Epididymitis Orchitis torsion						
DIAGNOSTIC CATEGORY	Patient	Discussion	Yes	No	Yes	No
GU – both						
Acute oliguria						
Pyleonephritis						
Urolithiasis						
Urosepsis						
Rhabdomyolosis						
HEME/LYMPH						
Purpura						
Symptomatic anemia						
Lymphangitis						
Lymphadenitis						
ORTHO						
Acute back pain						
Dislocations, small joint						
Dislocations, large joint						
Fractures closed, large bone						
Fractures open, large bone						
Fractures closed, small bone						
Fractures open, small bone						
Septic joint						
Sprains/strains						
Swollen painful joint						

DIAGNOSTIC CATEGORY	Patient	Discussion	Yes	No	Yes	No
DERM						
Hives						
Exfoliative dermatitis						
Lacerations						
Bullous disease						
Puncture wounds						
Burns, chemical						
Burns, thermal
